J. George Rinaldi

A great amount of work has been accomplished during the summer months by the Office of Instruction the building principals and the curriculum chairpersons to assure that the students of our school district have a very profitable academic year.

The school district with the approval of the board of education has committed the instructional program to reflect the values of the Bernalillo Public Schools communities. Program goals and educational objectives have been revamped to assure that our students get the best possible education.

The board of education and I urge all community members to become involved in an educational venture with the school district to work towards creating better communication between home and the school.

I would like to assure the parents, the students and the employees of Bernalillo Public Schools that the Office of the Superintendent is open at all times to discuss any problems and any ideas that may benefit our education program.

## All Our Memories

These are the day's  
that we all can look back!  
Remembering the time  
when we thought our work would never  
be done.  
We made many friends,  
as the year's have gone by.  
We shared so many of our thoughts  
hopes and dreams.  
We always showed our spirit  
for our great teams,  
we helped cheer them on  
because we all know  
that they are "strong."  
Because we are all proud of our mighty  
and powerful spartans,  
we will always remember them  
when we see our colors.  
As our life goes on each and every passing  
day,  
we've worked long and hard  
we've studied and competed with others.  
We all learned a great deal  
about one another.  
We started climbing up toward our goal,  
and we sometimes wondered if we'd ever  
get anywhere!  
We all had so much fun,  
But seniors .....  
This year is almost gone and done.  
Soon it will be your past,  
that will forever last.  
The role you've played has been great  
the old and new friends you've made  
will never fade.  
Now you've got your cap's and gown's,  
it's almost time to say good-bye.  
The day's go by very fast and yet so slow,  
you start to think of all the good times,  
and hard work you've had.  
And you think to yourself, "When I leave,  
will I be happy or sad?"  
To leave all my friends, and make this  
my past.  
To start on a new journey,  
Now it's graduation night,  
The day has come.  
You've earned your degree  
that, we can all see!  
So seniors, we juniors  
would like to take this time to say  
you've made it!!!!  
And to congratulate you on a job well  
done!

For You My Friend

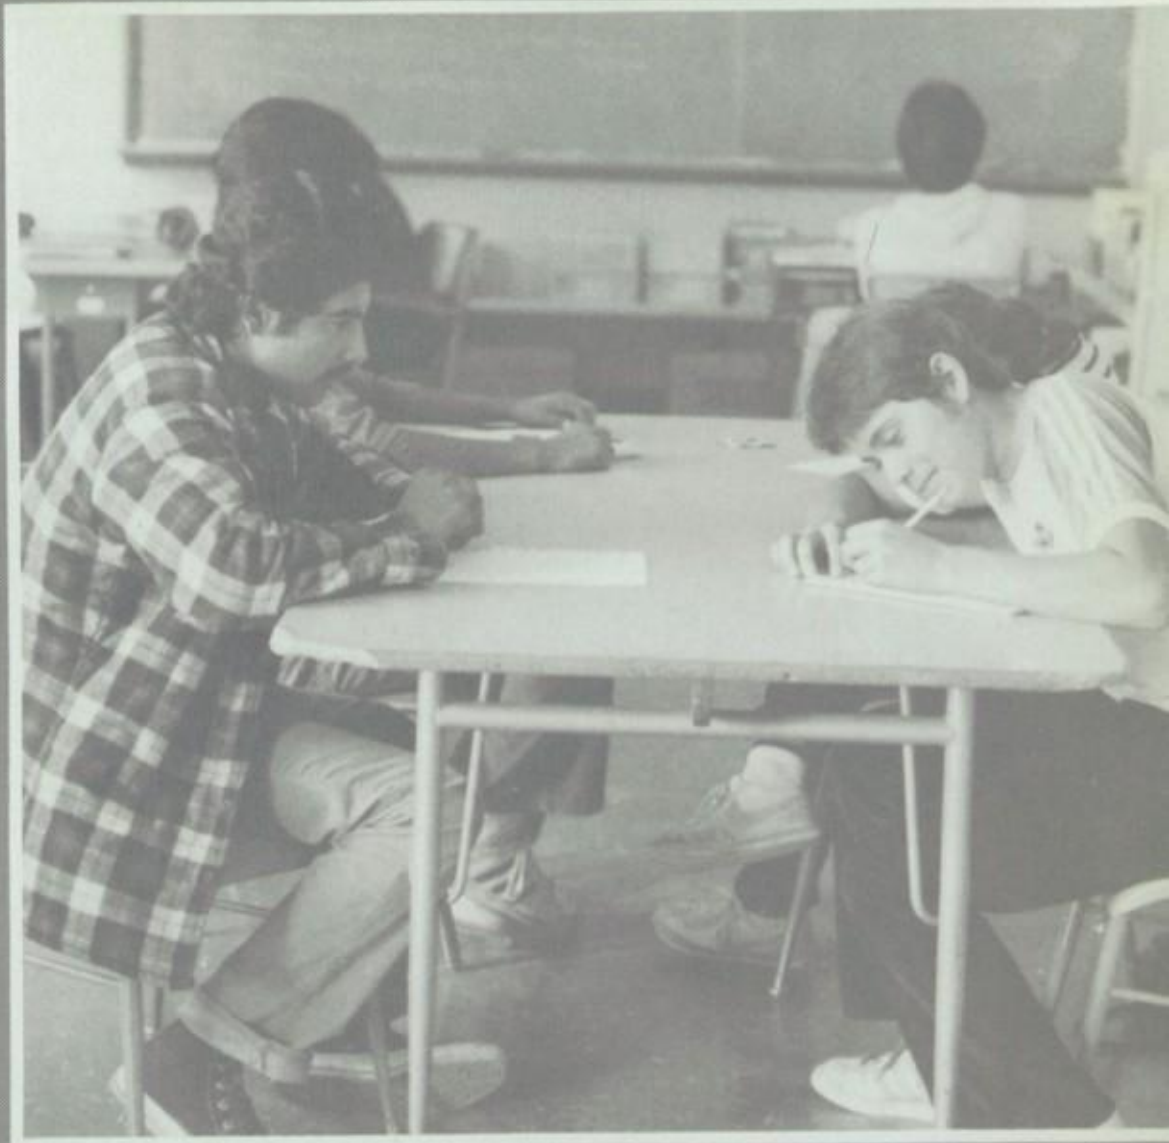

I send you a smile  
for just being there. By  
my side when I'm down  
and showing you care.  
I send you love for  
caring for me when I  
was sick or hurt, or  
wanted company. I send  
you a rainbow for saying  
to me, the sun needs rain  
for a rainbow to be.  
I'd send you the world  
if dreams could come true.  
For a friend takes it all.  
Then returns it to you.

# *Homecoming Victory Over S.F.J.S.*

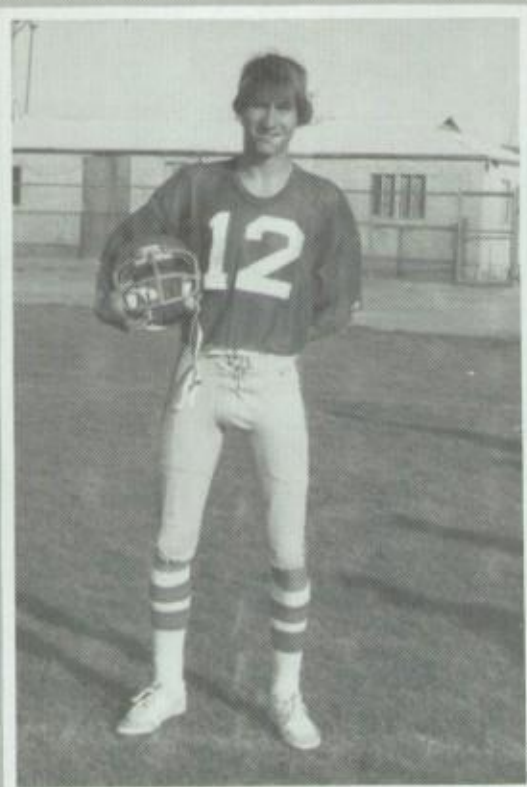

The Bernalillo Spartans hosted SFIS for a homecoming game here at spartan stadium. The Spartans jumped into a 7-0 lead before the half time. In the 3rd quarter SFIS scored a touchdown but the Spartans answered back with another spectacular TD. Spartans led at the end of the 3rd quarter 14-7. In the last quarter the Spartans could feel another homecoming victory. In the final seconds the Spartans won 19-13.

# Griego Trying To Continue Bernalillo Basketball Tradition

One in a series

By PAUL L. NOSKIN

Journal Correspondent

Tradition calls for a fast-breaking full-court pressing team at Bernalillo.

So tradition is what new basketball coach Clarence Griego is going to throw at opponents this year. He says he has to. His team is too small, can't shoot and is inexperienced.

But he also expects his kids to play hard-nosed basketball. "If we play good defense the whole game," Griego said, "we'll be in every contest. We have to play hard every time out. We don't have a lot of size. We can't match up in a man-to-man defense, so we'll have to play a lot of zone this year."

What Griego says his team does have is a good attitude, and he pointed out that you never know when someone is going to emerge and be a star.

Griego was the freshman coach in Bernalillo last year and moved over to the varsity when Henry Sanchez left to coach at New Mexico Highlands. Before being the freshman coach, Griego worked under Sanchez for five years.

Now, Griego may be the busiest man in Spartan Alley. Not only is he the boys' varsity coach, but he is also athletic director and transportation director in addition to teaching physical education classes.

Griego has two lineups that he may go with. He has a "tall" lineup for when the game has slowed down or he needs more board strength, and he has a tall lineup for the faster game.

He has three 5-foot-7 seniors in the lineup: Ralph Armijo, Joe Arellano and Mike Quintana. One of the big men is 6-1 John Arnett. The other starter will likely be either Rudy Sandoval, 5-11, or Lawrence Aguilar, 6-1.

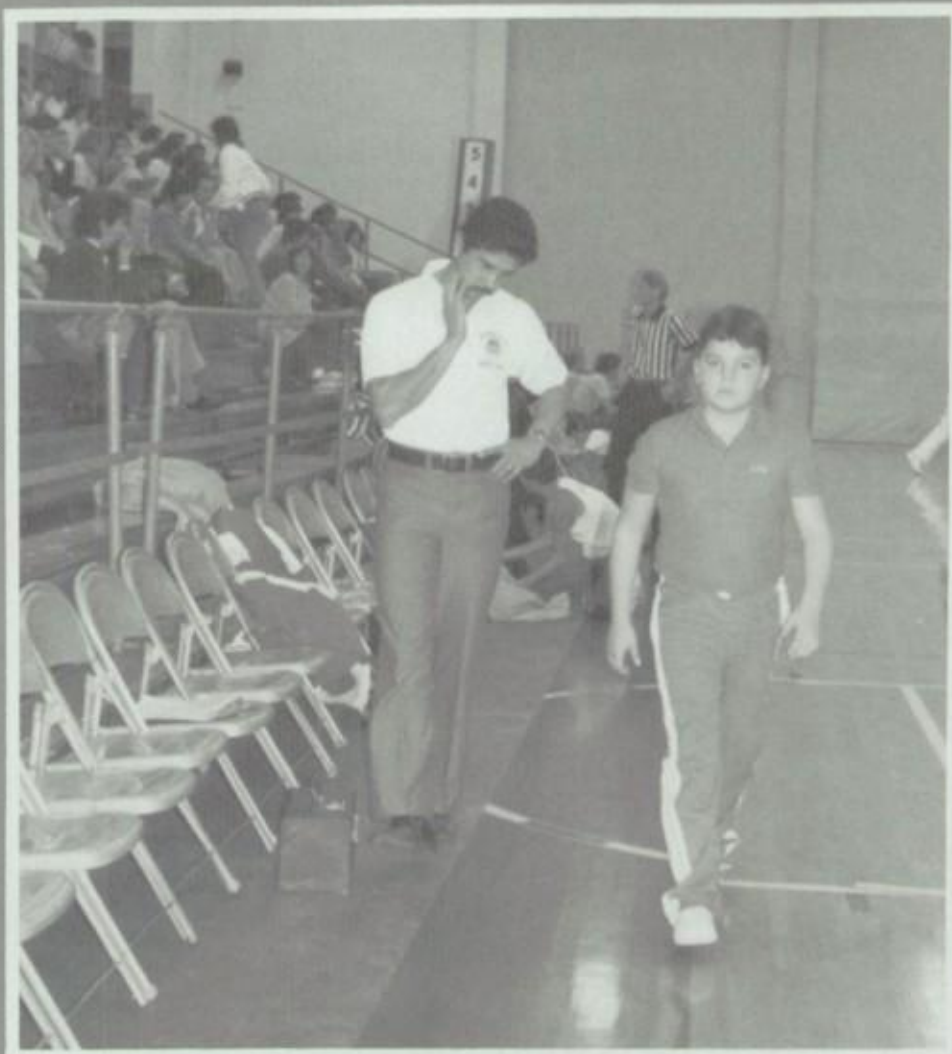

Because Griego does not feel the Spartans can match up against teams with strong inside people like Sandia, St. Pius and Albuquerque Academy, he will resort to zone defenses. In addition, he wants his kids to be very mobile inside, the intent being to draw a lot of fouls.

But before the Spartans can utilize the running game the way Griego wants to, he says the kids have to be in better condition. "We're not in very good shape right now," he said. "I wish we were, but we're not. We've had a lot of early injuries."

As far as the kids are concerned, I have no complaints. They have an excellent attitude."

Griego said the biggest problem, stemming from inexperience, is his team's inability to anticipate. "It seems like we walk into a lot of things," he said. "It's amazing how much the kids mature two to three years after they graduate. You see them do something in a pickup game and ask why they didn't do that when they were playing for you."

The Spartans will try to film all their games this season. Griego expects that to be a big help. He'll be able to show his team its mistakes. He said Bernalillo is definitely in a rebuilding year and feels a major part of his job will be to motivate his players and convince them they can win.

Did George dunk it, did Ralph and Jim still have it, did Orlando touch the rim, did Danny touch the net, did Bob hustle on the court, did James turn pro, did Gerald clean the boards, did Frank stay cool? Those questions were answered December 2, 1983 at Spartan Alley. The faculty Frillers ran with, after, and from the Harlem Thrillers. But in the end, LOST!!!

The Bernalillo Public Schools is presently constructing a high school physical education facility at the Bernalillo Jr. High School campus. The gym is being constructed on the junior high school site. Hopefully the high school will be moving its facilities to this site during the summer of 1984. The approximate cost of the Physical Education facility is \$4.2 million. The ground breaking ceremonies were held on June 10, 1983. According to some experts, the facility will be one of the finest in the State of New Mexico.

# Graduating? Now's the time to Guard your future.

The Army Guard has a lot going for you: long-term benefits, tuition assistance if you're going on to school, and a paycheck every month while you're learning leadership and technical skills that could help you in your civilian career. After basic training, you will serve the Guard two days a month, plus two weeks annual training. And you can serve near your home or school because usually there's a Guard unit close by.

Perhaps most importantly, you'll have the satisfaction of knowing you're there to help your neighbors, your friends, your state and your country in an emergency. That's what the Army Guard is all about.

For more information on career opportunities available in the Army Guard, **please call.**

## SPARTAN ALLEY NEWS

By Harry D. Gilpin

There are very significant happenings at Bernalillo High School these days and the district should be the first to know. First the "multiple use" Field House is well under way at the new site. This 4 million dollar facility will provide the school system and community with a first class center of school activity. It's completion is a major factor in the planned move of the high school to the present junior high school location. This could happen as early as the summer of 1984. Programs at the high school which are unique and outstanding and worthy of our friends attention. Archie Sanchez has an extensive and comprehensive program of arranging for financial aid to graduating students and also obtaining scholarships for a large percentage of the graduates. Last year this amounted to approximately \$305,000 with some 12.5% receiving scholarships.

# Poets In The

My poem is the camel color dirt stomped upon by  
many mean creatures  
How crude the dirt says for people to  
lay cement and concrete over me,  
And even worse stepping on me.

Professional men getting very  
Rowdy trying to do their very best having  
Outstanding plays to beat the rest.

Fantastic finishes to be remembered  
On every Sunday or even Monday  
Outdoors and indoors is where they play just  
To make their fans say "A" O.K., most  
Best teams lets say are Raiders, Cowboys, 49ers,  
And Vikings, but I'd like to say  
Least favorite are Redskins, Steelers, and Dolphins  
but,  
Like others we like our own team so lets all just  
say hooray for the P-R-O-S

## "LOVERS"

Two lovers stand out from a crowd as they embrace.  
In a magical encounter too involved to notice moods  
around them as if the affair was immuned from an  
end.

I have dreams about being a queen  
I have fantasies of life being free  
You sit back and laugh and say its not true, but you  
don't realize that dreams are REAL THINGS TOO.

## "MY RED CORVETTE"

My red corvette gleams like the sun and  
is as slick as ice.  
The rims are gold plated and the seats  
are white leather.  
The horn sounds like a thousand trumpets.  
And the stereo inside vibrates like a live concert  
when I am driving it, it goes so smooth that  
you can't even tell how fast your going  
I love my Red Corvette.

## MEMORIES

Memories are shared throughout your life  
time.  
Like the very first time you learned how to  
write, or the very day you graduated from  
High School.  
Bringing back old memories is fun, you  
become closer to the one's you love.

"Doe and Litter"

## Picture To Represent N.M.

"Doe and Litter," a picture taken by 17-year-old Danie James Vallo, of Bernalillo, son of Henry and Karin Vallo, has been chosen to represent New Mexico in the 10th annual National 4-H Photo Exhibit sponsored by Eastman Kodak Company. His photograph features Californian rabbits from his 4-H project.

Made up of no more than four pictures from each state the exhibit will be shown for the first time at the annual 4-H Congress in Chicago, which began yesterday and continues through Dec. 1. The exhibit also will be displayed at the National 4-H Center in Washington D.C. next year. Exhibit photos have been selected by the cooperative extension service in each state.
